

## **SHALOM CHRISTIAN CENTER**

### **OVERALL GOAL**

Shalom is a CHristian organization that was established in 2013 and it is located in the North West of Lilongwe. This place is one of the areas that has been affected by HIV AIDS, and many people died, leaving many orphans without any support. Shalom was born to transform the lives orphans and underprivileged people who don't have any hope their future, so that they may become responsible generation. We serve orphans, vulnerable children, elderly people, single mothers through kindergarten, elementary school, tailoring school and we pay fees to some few Secondary school students. In addition, we provide food, clothes, health care, and Spiritual guidance to all the mentioned above groups.

Our vision is to improve the living standards of people in our community so that we can bring a total transformation even the vulnerable people.

Shalom has a farming land where we grow crops to support the vulnerable people and also for its sustainability.

We have the board of directors and the management which runs the ministry.

#### **PREVIOUS SUPPORT**

Arcadia Community Church is the only Church outside our country which has been rendering a support to Shalom Christian Center. This Church supported Shalom in farming for the sustainability of the ministry and for feeding people during famine. They also supported us with tailoring machines for single mothers school of tailoring so that they can learn some skills.We used to make communications with Steve Tamura who is a Missions Director.
